
Glenn,

Thank you for taking the time w/ us yesterday.

Which of your vendors stock the fasteners for lpe? I need some for a customer.

I also wanted to give you and your product praise and you can use this as a testimonial if you'd like, we've generated \$38,000 in HidFast sales since we brought the product in just over 6 months, I wish I could do this with all my hardware items.

They had a connect rate of over 90%, with AZEK Deck, and HIDfast.
HIDfast was listed on their website, as the go to fastening system for AZEK Deck.
